Flex Drills

SKID STEER MOUNTED

Productivity begins with a **Truax**

Multi-task with a Truax skid steer mounted Flex Drill. Turn it into a tongue drill by adding the optional tongue, add the quick attach or remove tongue and add cat. 2 three point pins. Same drill – 4 different modes!

Truax versatility begins with seed metering and delivery!

The truth about seed boxes...

All Truax planting equipment features multiple seed box design that has the ability to handle a variety of seeds. The seed boxes allow the versatility to seed several crops with the same planter.

- A single machine plants turf grasses, wildflowers or forbs, native grasses, introduced grasses, legumes and cover crops.

Fluffy Seed Box

The auger/agitator prevents seed bridging.

Fluffy Seed Box

Picker wheels feed the seed to oversized transitions.

Cool Season/Grain Box

Agitators keep seed flowing.

Cool Season/Grain Box

Inside row dividers are an option for uniform seed distribution.

Small Seed Box

Row dividers keep seed distributed across the box width.

Truax Products = Effective Multi-Species Planting
